

ICPI Level I Concrete Paver Installer Certification Program

10 Reasons for ICPI Level I Concrete Paver Installer Training

1. **Meet industry guidelines**-Learn how to meet or exceed industry established guidelines for paver installers.
2. **Reduce costs**-What you learn will help you reduce or eliminate costly call backs.
3. **National promotion**-ICPI promotes paver installers in its literature, website and videos.
4. **Supplier promotion**-Many ICPI manufacturer members promote the program to the general public.
5. **Meet customer expectations**-Today's consumers are more sophisticated and demanding. They expect trades people, including interlocking pavement installers, to meet certain criteria.
6. **Meet designer/specifier expectations**-Design professionals specify installation by ICPI Level I Certified Concrete Paver Installers.
7. **Benefit your bottom line**-Professional instructors will show you how to increase your bottom line through greater efficiency.
8. **Evaluation process**-ICPI developed guidelines will show you how to increase your bottom line through greater efficiency.
9. **Dispute resolution**-Adherence to ICPI guidelines means you have the weight of the industry on your side in the event of a dispute.
10. **Justify your price** Being able to demonstrate to your customers that you are installing interlocking concrete pavements consistent with industry developed guidelines can help you support your pricing and explain why it might be higher than others not following those guidelines.

The path to a more prosperous future

Date: **November 10-11, 2010**

Time: **8:00 am—5:00 pm**

Location:

**Silverado Design Center
5250 South Watt Ave, Suite 200
Sacramento, CA 95826**

Sponsor: **ICPI Northern California Chapter**

About the Program

The two-day classroom course is designed to enhance the knowledge of individuals involved in the construction of interlocking concrete pavements. The registration fee also includes a certification exam. The following topics are addressed in the curriculum:

- Material and labor estimating
- Job planning and layout
- Soil classification and compaction
- Soil compaction
- Bedding and joint sand
- Paver selection and installation
- Use of labor-saving specialty tools
- Edge restraints
- Base material selection and compaction
- Contract basics
- Safety
- Maintenance and Management
- Specialty Applications
- Estimating and job costing

Why Should You Attend?

Knowledge-Industry professionals share knowledge of industry guidelines, practices and advances applicable to the construction of interlocking concrete pavers.

Recognition-Participants will receive a Certificate of Completion, and may use the title "Certified Installer" upon meeting the requirements of the certification program.

Promotion-Paver installer program training can be a powerful marketing tool for your business by further establishing your credibility as a knowledgeable installer, contractor or industry professional.

On-going support-ICPI reinforces your knowledge by making available technical literature, guide specifications, marketing support, website listings, press releases and advanced level certificate programs.

Who should attend?

The ICPI Level I Concrete Paver Installer Certification Program has been designed for all companies and individuals involved in the residential and commercial installation of interlocking concrete pavements, including:

- Company owners and principals
- Job superintendents
- Forepersons and supervisors
- Crew leaders
- Crew members (with a minimum of one year of installation experience)

Why a certification program?

Several thousand companies throughout North America engage in the manufacture of and/or installation of interlocking concrete pavements. Your company may be one of them. These companies

work with landscaping, segmental retaining walls, and concrete pavers. Their backgrounds represent a wide range of technical, business and marketing skills. To focus this diversity of experiences, the ICPI Level I Concrete Paver Installer Certification Program imparts the requisite knowledge, experience and industry guidelines required to build pavements using concrete pavers.

Disclaimer and Understanding

The Interlocking Concrete Pavement Institute ("ICPI") Concrete Paver Installer Programs are intended to communicate industry guidelines to paver installers on estimating, planning and executing residential and commercial projects and to educate individuals in applicable construction and general business practices. ICPI has developed, implemented and made available several distinct programs - Level I Concrete Paver Installer Certification, the PICP Installer Technician Certificate Course, and the Level II Concrete Paver Installer Certificate Course.

With respect to each of the above referenced programs, ICPI certifies only that the certificate holder has completed the required course of instruction and earned a passing grade on the examination administered by ICPI at the conclusion of the course. ICPI exercises no control or direction over the certified concrete paver installers and does not in any manner endorse, guarantee, or certify the performance or quality of services rendered or products used.

ICPI, its officers, directors, employees, and volunteers disclaim any and all liability for any claims, actions, causes of action, damages, injuries or losses to persons or property, including direct, indirect, incidental, consequential or punitive damages, judgments, attorneys' fees and court costs arising out of, resulting from, or related to the use of services of a certified concrete paver installer, the quality or performance of materials used in connection with the work, and/or the outcome of any interlocking concrete pavement jobs or projects. ICPI further disclaims all warranties of any kind, either express or implied, including, but not limited to implied warranties of merchantability or fitness for a particular purpose with respect to the quality or fitness of interlocking concrete paver materials purchased by the user, and/or with respect to the qualifications, abilities or quality of work performed by a certified concrete paver installer. **I have read and agree to the Disclaimer and Cancellation Policy:**
